ADDITIONAL INFORMATION

GUARANTEE

3 years starting from the date of purchase.

LIFE SPAN

10 years starting from the date of manufacture. Shelf life depends on various factors that can cause deterioration such as sudden temperature changes, the amount of exposure to direct sunlight and the intensity of use. Altered vision and scratches are elements that signal the need to check for deterioration of the visor.

CLEANING

Clean only with water and mild soap. Allow to air dry. Do not use chemical detergents, solvents, petrol powders as they are too aggressive and could lower the structural resistance of the visor.
